## CHINA'S DYNASTIES

China's culture is one of the most enduring the world has ever known. Inspired by deep reverence for its ancestors and the afterlife, ancient Chinese artisans produced a remarkable collection of objects to accompany and protect their emperors as they ascended into the next life.

### *Imperial Tombs of China*

provides an unforgettable glimpse into the unique style of each of the dynasties.

Come face to face with the life-size terra-cotta soldiers—silent sentinels from an army 8,000 strong who have guarded Emperor Qin Shihuangdi's tomb since 210 B.C.

Experience the entire throne room from the Qing Dynasty's Shenyang Palace. Stand in awe of the Han Dynasty's burial suit crafted from 2,007 pieces of jade sewn together with more than two pounds of gold thread.
